

Hall of Fame Announces Recent Inductees

The Hall of Fame announces a new class of inductees each year. Normally that was in the spring. With COVID related issues, that schedule was interrupted. In 2024, the schedule resumes.

The Hall of Fame Board of Trustees review alumni nominations for the purpose of identifying individuals who have achieved distinction in their career or in their community contributions. Submitted nominations include a biography/resume outlining an individual's career responsibilities and accomplishments, any published works, presentations, awards and recognitions as well as descriptions of their service to the community or local non-profit organizations. Testimonials from peers in an organization are valuable. Please consult the Nominate link on this website for specific instructions.

Class of 2022	Michael Mathias	BHS Class of '92
Class of 2023	Donald (Wenzel) Brenner	BHS Class of '73
Class of 2023	Howard D. Motyl	BHS Class of '73

Each of these elected alumni, along with those elected at the end of this April, will be officially inducted into the Hall of Fame at the Biennial Induction Banquet in October, 2024.
